Newsletter December 2022

It gives me great pleasure in doing this newsletter as I am amazed for such a small Organisation to have achieved such phenomenal results in such a short space of time (July 2022-December 2022). The table below bears testament to this, however this would not have been possible without your generous assistance in the various forms (sponsors, donations and volunteer work) that have enabled the Tag Organisation to grow. We were also able to assist the unit 11 NPC(meals/hampers), Mahatma Gandhi Hospital (infants clothing & toy donation) and victims of two houses that were fire damaged.

Our growth will enable us to assist more people more often wrt nourishment and academic/skills development which is line with our strategic objectives in our vision and mission statement. Our greatest assets are the people that assist us, our dedicated board members, integral organisational structure and our clear vision and mission. We look forward to working with you in a challenging 2023. Remember **every small difference added up = A BIG DIFFERENCE**. The Tag Organisation would like to wish you and your loved ones happy holidays and prosperous new year.

Thank you
S Vurdan
